Re: Recommendation to approve engineering and automation consulting services

The Department of Information Technology recommends the Commission approves the engineering and automation consulting services. The Operational Technology space is growing more complex as we continue our modernization efforts. Therefore, many concurrent projects in varying phases of execution require close monitoring of their interdependence. The Information Technology department possesses neither formal expertise nor bandwidth, to effectively generate the anticipated project deliverables, from scheduled upgrades to capital project requirements. The project will help PVWC acquire a baseline view of the state of all our OT assets. The benefit is a clear and rational view of which assets are critically deprecated, need to be repaired, maintained or upgraded.

Many of our assets are old, also, with many vendors adopting differing design preferences, asset life cycle management was ad hoc. This project will help solve some of the issues plaguing operations. It will help identify, deploy and manage current assets in service. Prospective assets to be acquired, for the capital portfolio, will subscribe to standards developed by this project. The accrued benefits of this project will generate measurable savings in:

- A better ability to manage and rationalize our spare parts inventory.
- A compatible and deliberate leveraging of CMMS.
- The cost-effective management of a preventative maintenance program.
- An emergent capability to sensibly forecast future needs.
- Implement vendor design compliance programs, with PVWC standards, as an oversight mechanism.
- Creation of a foundational posture for the arrival Artificial Intelligence as a tool for predictive maintenance.

For a sense of scale and amount of work to be completed by this project, our OT assets, for the most part, consist of:

- **Remote SCADA**
 - 60+ Primary Remote Assets (Remote Terminal Units)
 - 2000+ Sub-Assets (Sensors)
- Located across an area greater than 150 mi²
- Oldest Assets at 15+ years of service.
- **Plant SCADA**
 - 52+ Primary Plant Assets (RTUs)
 - 2500+ Sub – Assets (Sensors)
- Located at PVWC's Little Falls Water Treatment Plant.
- Oldest Asset at 25+ years of service.

There is not a definitive finding of the state of these assets. This project seeks to establish that:

- An instrumentation inventory has been completed.
- Drawing sets are based upon field verifications.
- Baselineing of current Piping & Instrument Diagrams is established, instances where missing, identified and mitigated to augment operational visibility – is either in progress or completed.
- Copy of the PLC and Human Machine Interface programs is available, to assist with disaster recovery and operational investigations – is either in progress or completed.

The costs associated with this project are listed as follows:

Product	Price
Project Management and Project Lead Activities	\$56,296.76
Standards Development and specific project investigations	\$58,152.36
Request For Information Responses	\$22,312.40
Plant Asset Inventory Office Work	\$99,373.26
Remote Asset Inventory Office Work	\$395,222.67
All Asset Inventory Site Time (incl. Expenses)	\$168,336.86
Total	\$799,694.31

If approved, the project avails us with the services of a Vendor with deep and comprehensive technical resources and personnel. Their services are essential to our modernization efforts as well as meaningfully preparing for the upcoming capital projects. Additionally, they are well versed in the deployment of industry best practices.

The services provided through this contract are indispensable to the work being done in preparation for the capital project portfolio.

- **Project Management and Lead activities** – Will provide create a space to monitor important project parameters through weekly status meetings to provide progress updates and risk awareness. Also, provide resources for some of the required engineering
- Standard development and specific Project Investigations
- Request for Information Responses
- Plant Asset Inventory Work
- Remote Asset Inventory Work
- All Asset Inventory Site Work (Incl. Expenses)

The Vendor will coordinate and facilitate weekly status meetings to provide progress updates, risk management and open questions. Project per task, spend tracking will be provided through Project Mgt. deliverables. PVWC developed SCADA **Standards** specifications will be maintained to incorporate additional inputs:

- From PVWC personnel
- To add standards for additional technologies
- To update the current section to reflect most recent technology
- Develop PLC and HMI standards for future OT upgrades or installations
- Examine new installations/proposed solutions for agreement with agreed upon standards.

Continuation of previous year’s work is provided for with **Specific Project Investigations**, which includes investigation of proposed solutions for best course of action to resolve Operational Technology related issues. The findings may be documented in a formal report format, to help mitigation strategy formulations. **Requests For Information** reviews engineering project bid specifications to ensure they align with PVWC standards. Also, makes available automation expertise to help with outside vendors, and ensure PVWC is not at an information deficit.

The **Plant Asset Inventory** work aims to provide high visibility into the equipment installed at the facility. Also, it will acquire all the collateral information necessary to provide, upon request, high quality

estimates associated with upgrading these assets to PVWC RTU design standards. **Remote Asset Inventory** work will similarly bring visibility into our remote assets. Additionally, electrical drawings for the remote assets would be digitized in a standard format now, instead of waiting for the next upgrade cycle.

A dedicated team of Senior Engineers will be continuously engaged to this effort. **Asset Inventory Site Work** will be monitored through bi-weekly updates, status reports on progress, activities and burn rate. The Department of Technology recommends the Board approve this funding request for Engineering Consulting Services.

RESOLUTION: 25-95

RESOLUTION OF THE PASSAIC VALLEY WATER COMMISSION DECLARING ITS OFFICIAL INTENT TO REIMBURSE EXPENDITURES FOR PROJECT COSTS FROM THE PROCEEDS OF DEBT OBLIGATIONS OF THE COMMISSION, INCLUDING IN CONNECTION WITH ITS PARTICIPATION IN THE NEW JERSEY INFRASTRUCTURE BANK'S WATER BANK FINANCING PROGRAM

WHEREAS, the Passaic Valley Water Commission (the "Commission") intends to acquire, construct, renovate and/or install the environmental infrastructure project(s) more fully described in Exhibit A attached hereto (collectively, the "Projects"); and

WHEREAS, the Commission intends to finance the Projects with debt obligations of the Commission (the "Project Debt Obligations") but may pay for certain costs of the Projects (the "Projects Costs") prior to the issuance of the Project Debt Obligations with funds of the Commission that are not borrowed funds; and

WHEREAS, the Commission reasonably anticipates that obligations, the interest on which is excluded from gross income under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), will be issued by (i) the Commission on a short-term and/or long-term basis, and/or (ii) the New Jersey Infrastructure Bank (the "Conduit Issuer") to finance the Projects on a long-term basis by making one or more loans to the Commission with the proceeds of the Conduit Issuer's obligations; and

WHEREAS, the Commission desires to preserve its right to treat an allocation of proceeds of the Project Debt Obligations to the reimbursement of Project Costs paid prior to the issuance of the Project Debt Obligations as an expenditure for such Project Costs to be reimbursed for purposes of Sections 103 and 141 through 150, inclusive, of the Code.

NOW, THEREFORE, BE IT RESOLVED BY THE PASSAIC VALLEY WATER COMMISSION, as follows:

Section 1. The Commission reasonably expects to reimburse its expenditure of Project Costs paid prior to the issuance of the Project Debt Obligations with proceeds of the Project Debt Obligations.

Section 2. This resolution is intended to be and hereby is a declaration of the Commission's official intent to reimburse the expenditure of Project Costs paid prior to the issuance of the Project Debt Obligations with the proceeds of a borrowing to be incurred by the Commission, in accordance with Treasury Regulations §1.150-2.

Section 3. The maximum principal amount of the Project Debt Obligations expected to be issued to finance the Project is \$8,800,000, including an allowance for issuance expenses, capitalized interest (if any) and funding of reserves.

Section 4. The Project Costs to be reimbursed with the proceeds of the Project Debt Obligations will be "capital expenditures" in accordance with the meaning of Section 150 of the Code.

Section 5. No reimbursement allocation will employ an "abusive arbitrage device" under Treasury Regulations §1.148-10 to avoid the arbitrage restrictions or to avoid the restrictions under Sections 142 through 147, inclusive, of the Code. The proceeds of the Project Bonds, if any, used to reimburse the Commission for Project Costs, or funds corresponding to such amounts, will not be used in a manner that results in the creation of "replacement proceeds", including "sinking funds", "pledged funds" or funds subject to a "negative pledge" (as such terms are defined in Treasury Regulations §1.148-1), of the Project Debt Obligations or another issue of debt obligations of the Authority, other than amounts deposited into a "bona fide debt service fund" (as defined in Treasury Regulations §1.148-1).

Section 6. All reimbursement allocations will occur not later than eighteen (18) months after the later of (i) the date the expenditure from a source other than the Project Debt

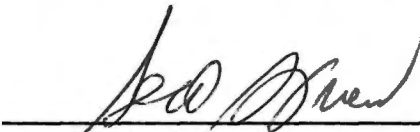

Obligations is paid, or (ii) the date the Projects are each “placed in service” (within the meaning of Treasury Regulations §1.150-2) or abandoned, but in no event more than three (3) years after the expenditure is paid.

Section 7. This resolution shall take effect immediately.

NOW THEREFORE, BE IT RESOLVED BY THE PASSAIC VALLEY WATER COMMISSION (at least five (5) Commissioners voting in the affirmative, with each of the three (3) Owner Cities represented among the Commissioners voting in the affirmative), as follows:

Section 1. The Commission hereby determines to undertake the construction of the 2025 Additional Projects, which has an estimated total cost of \$8,800,000. In accordance with the Act and N.J.S.A. 58:11B-9, in order to provide funds with which to provide for the temporary financing of the costs of 2025 Additional Projects and in anticipation of the application of the proceeds of the issuance and sale of Series 2025 Bonds of the Commission to be issued for such purpose, the Commission hereby determines to borrow a sum not to exceed Eight Million Eight Hundred Thousand Dollars (\$8,800,000) and to issue its negotiable Notes, in one or more series, in the aggregate principal amount not exceeding said sum. The obligation represented by the Notes is authorized by this Note Resolution, the Act and other applicable law. This Note Resolution constitutes a “bond resolution” adopted pursuant to N.J.S.A. 40:62-133.2.

Section 2. Each such Note shall be designated “Note Relating to the Water Bank Construction Financing Program of the New Jersey Infrastructure Bank,” and shall contain such other or additional designation as may be determined by the Executive Director of the Commission (the “Executive Director”). Said Notes may be sold at one time or in blocks from time to time as may be determined by the Executive Director. The Executive Director is hereby authorized to determine pursuant to the terms and conditions of this Note Resolution (i) the final principal amount of the Notes (subject to the maximum limitation set forth in Section 3(a) hereof) and (ii) the dated date of the Notes. Any determination made by the Executive Director pursuant to the terms hereof shall be conclusively evidenced by the execution and attestation of the Notes by the parties authorized pursuant to Section 4 hereof.

Section 3. The Commission hereby determines that certain terms of the Notes shall be as follows:

- (a) The principal amount of the Notes to be issued shall be an amount up to \$8,800,000;
- (b) The maturity date of the Notes shall be as determined by the I-Bank;
- (c) The interest rate of the Notes shall be as determined by the I-Bank;
- (d) The purchase price for the Notes shall be par;
- (e) The Notes shall be subject to prepayment prior to their stated maturity in accordance with the terms and conditions of the Notes;
- (f) The Notes shall be issued in a single denomination and shall be numbered “NJWB-CFP-25-2” and “NJWB-CFP-25-3”; and
- (g) The Notes shall be issued in fully registered form and shall be payable to the registered owner thereof as to both principal and interest in lawful money of the United States of America.

Section 4. The Notes shall be signed in the name of the Commission by the manual or facsimile signature of the President or Vice President of the Commission and shall have the seal of the Commission (or a facsimile thereof) impressed, imprinted or otherwise reproduced thereon and attested by the manual signature of the Secretary or any Assistant Secretary of the Commission.

Section 5. The Notes shall be issued in substantially the form of the Note attached hereto as Exhibit A with such changes therein or variations thereof as the President, Vice President or Executive Director (each, an “Authorized Officer”), in consultation with bond counsel to the Commission (“Bond Counsel”), may deem necessary and advisable. The law firm of Dilworth Paxson LLP is hereby authorized to arrange for the printing of the Notes, which law firm may authorize McCarter & English, LLP, bond counsel to the I-Bank for the Construction Financing Program, to arrange for same.

Section 6. The Notes shall constitute “Subordinated Bonds” within the meaning of the General Bond Resolution, and as such are subordinated to all “Bonds” now or hereafter outstanding under the General Bond Resolution and, together with any other “Subordinated Bonds” of the Commission, shall be secured by a pledge of Revenues and funds under the General Bond Resolution subordinate to the pledge in favor of said Bonds, and shall be payable solely from such amounts in the Subordinated Indebtedness Fund created under the General Bond Resolution as may from time to time be available for the purpose of payment thereof, in accordance with Sections 504(1) and 615 of the General Bond Resolution. In addition, without limiting the foregoing obligation, for the punctual payment of the principal of and interest on the Notes, the Commission hereby expressly and irrevocably promises to pay such sums received from the sale of the Series 2025 Bonds, or any other long-term bonds or other obligations to be issued by the Commission to permanently finance the 2025 Additional Projects, as shall be sufficient to pay the principal of and interest on the Notes. The foregoing pledge of Revenues and funds under the General Bond Resolution is and shall be in all respects subordinate and junior to the pledge and lien created by the General Bond Resolution as security for the “Bonds” issued and to be issued thereunder. Pursuant to Sections 504(1) and 615 of the General Bond Resolution, the Commission hereby directs Manufacturers and Traders Trust Company, in its capacity as Trustee under the General Bond Resolution, to (i) periodically transfer from the Revenue Fund into the Subordinated Indebtedness Fund such amounts as shall be required to timely pay the principal (subject to the proviso in the immediately following sentence) of and interest on the Notes (if any) as and when due and (ii) to pay such amounts out of the Subordinated Indebtedness Fund to the Trustee hereunder at such times and in such amounts as may be necessary to enable the Trustee to timely pay the principal (subject to the proviso in the immediately following sentence) of and interest on the Notes to the holders thereof as and when due. For so long as the Commission expects in good faith to issue and sell the Series 2025 Bonds to the I-Bank upon completion of the 2025 Additional Projects (or such earlier or later time as determined by the I-Bank) as contemplated in the recitals of this Note Resolution, the Commission shall not be required to make deposits into, nor payments out from, the Subordinated Indebtedness Fund in respect of said maturing principal of the Notes, nor shall the Commission be required to take into account said maturing principal when establishing its rates and charges pursuant to Section 611 of the General Bond Resolution.

Section 7. The Commission hereby appoints Manufacturers and Traders Trust Company, Iselin, New Jersey, as the trustee, paying agent and registrar for the Notes (the “Paying Agent”). The proceeds derived from the sale of the Notes (if any) shall be deposited with and held by the Paying Agent in an account or subaccount herein created and established with the Paying Agent (the “Project Note Account”). Monies so deposited in said Project Note Account shall be used and applied solely for the purpose of (i) paying the costs of the Project and (ii) paying the costs of issuance of the Notes. Monies shall be withdrawn from the Project Note Account from time to time for any of such purposes upon checks, drafts or orders for payments therefrom, signed by an Authorized Officer.

Pending the application of the monies deposited in the Project Note Account to fund the Project, to the extent any funds are advanced prior to payment, such monies shall be invested and reinvested by the Paying Agent on behalf of the Commission in direct obligations of the United States of America or the State of New Jersey, or obligations the principal of and interest on which are guaranteed by the United States of America or agencies of the United States of America. The monies in the Project Note Account to be so invested, and the maturity date or dates, or date or dates of redemption at the option of the holders of such obligations, shall be such as an Authorized Officer shall direct the Paying Agent in writing.

Resolution against any member, officer or employee of the Commission or any person executing said Notes.

Section 12. The Authorized Officers of the Commission are hereby further authorized to (i) execute and deliver, and the Secretary is hereby further authorized to attest to such execution and to affix the corporate seal of the Commission to, any document, instrument or closing certificate deemed necessary, desirable or convenient by the Executive Director or the Secretary, as applicable, in their respective sole discretion, after consultation with counsel and any advisors to the Commission and after further consultation with the I-Bank and its representatives, agents, counsel and advisors, to be executed in connection the issuance and sale of the Notes and the participation of the Commission in the Construction Financing Program, which determination shall be conclusively evidenced by the execution of each such certificate or other document by the party authorized hereunder to execute such certificate or other document, (ii) file a certified copy of this Note Resolution with the Municipal Clerks of the Owner Cities (as defined in the General Bond Resolution) in accordance with N.J.S.A. 40:62-133.5, (iii) publish notice of the adoption of this Note Resolution in accordance with N.J.S.A. 40:62-133.5 substantially in the form attached hereto as Exhibit B, and (iv) perform such other actions as the Executive Director and the Secretary deem necessary, desirable or convenient in relation to the execution and delivery of the Notes and the participation of the Commission in the Construction Financing Program. Costs of issuance of the Notes are hereby authorized to be paid in such amounts and to the persons or firms listed on a certificate executed by an Authorized Officer and delivered in connection with the issuance of any Notes.

Section 13. Upon the adoption hereof, the Secretary shall forward certified copies of this Note Resolution to Dilworth Paxson LLP, bond counsel to the Commission, and to Richard T. Nolan, Esq., McCarter & English, LLP, bond counsel to the I-Bank.

RUBY N. COTTON

This Resolution, when adopted, must remain in the custody of the Administrative Secretary.

In lieu of the investment of such monies in obligations of the State of New Jersey or the United States of America or agencies thereof, as aforesaid, the Paying Agent shall, upon direction of the Commission in writing, signed by an Authorized Officer, deposit monies from the Project Note Account in interest-bearing time deposits, provided further that each such interest-bearing time deposit or other similar banking arrangement shall permit the monies so placed to be available for use at the times provided with respect to the investment or reinvestment of such monies; and provided further that all monies in each such interest-bearing time deposit or other similar banking arrangement shall be, except to the extent of federal deposit insurance, continuously and fully secured by direct obligations of the United States of America, the State of New Jersey or the Commission, of a market value equal at all times to the amount of the deposit or of the other similar banking arrangement.

Section 8. With respect to the Notes, the Commission covenants and agrees as follows:

(1) It shall neither take any action nor fail to take any action which, if either taken or not taken, would adversely affect the exclusion of the interest on the Notes from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), or any permanent bonds, as if issued on a tax-exempt basis. To the extent permitted by law, however, nothing contained herein shall prevent the Commission from issuing bonds, the interest on which is not excluded from gross income for federal income tax purposes, provided that such issuance will not adversely affect such exclusion of interest on any Note issued hereunder (as if issued on a tax-exempt basis).

(2) The Commission shall not use or permit the use of any proceeds of the Notes or any other funds of the Commission, directly or indirectly, to acquire securities or obligations, and shall not use or permit the use of any amounts received by the Commission in any manner, and shall not permit to be taken any other action or actions, which would cause any Note to be an "arbitrage bond" within the meaning of Section 148 of the Code if the Notes are issued with the expectation that interest will be excludable from gross income. In order to assure compliance with the rebate requirements of Section 148 of the Code, the Commission further covenants that it will establish such accounting procedures as are necessary to adequately determine, account for and pay over any amount or amounts required to be paid to the Treasury Department of the United States in a manner consistent with the requirements of Section 148 of the Code.

(3) The Commission shall not be required to comply with any provision in this Section 8 in the event the Commission receives an opinion of nationally recognized bond counsel (a "Bond Counsel's Opinion") that compliance therewith is not required to maintain the exclusion from gross income for federal income tax purposes of interest on the Notes, or in the event the Commission receives a Bond Counsel's Opinion that compliance with some other requirement in lieu of a requirement specified herein will be sufficient to maintain the exclusion from gross income for federal income tax purposes of interest on the Notes, in which case compliance with such other requirement specified in the Bond Counsel's Opinion shall constitute compliance with the requirement specified in this Section.

Section 9. If the Commission shall pay, or shall deposit in escrow with a bank or trust company, monies or investments in direct obligations of the United States of America, or obligations the principal of and interest on which are guaranteed by the United States of America, the principal of and interest on which when due will provide monies which together with the monies, if any, on deposit in escrow at the same time, shall be sufficient to pay, when due, the principal and interest due and to become due on the Notes on the maturity date thereof, then and in that event, the covenants, agreements and other obligations of the Commission to the holders of the Notes shall be discharged, defeased and satisfied.

Section 10. Nothing contained in the foregoing provisions of this Note Resolution is intended to limit, nor shall be construed as limiting, in any way, the authorization, issuance or securing of any additional notes, bonds or other obligations of the Commission.

Section 11. All covenants, stipulations, promises, agreements and obligations of the Commission contained in this Note Resolution shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Commission and not of any member, officer or employee of the Commission in his individual capacity, and no recourse shall be had for the payment of the principal of or interest on the Notes or for any claim based thereon or on this Note

Resolution against any member, officer or employee of the Commission or any person executing said Notes.

Section 12. The Authorized Officers of the Commission are hereby further authorized to (i) execute and deliver, and the Secretary is hereby further authorized to attest to such execution and to affix the corporate seal of the Commission to, any document, instrument or closing certificate deemed necessary, desirable or convenient by the Executive Director or the Secretary, as applicable, in their respective sole discretion, after consultation with counsel and any advisors to the Commission and after further consultation with the I-Bank and its representatives, agents, counsel and advisors, to be executed in connection the issuance and sale of the Notes and the participation of the Commission in the Construction Financing Program, which determination shall be conclusively evidenced by the execution of each such certificate or other document by the party authorized hereunder to execute such certificate or other document, (ii) file a certified copy of this Note Resolution with the Municipal Clerks of the Owner Cities (as defined in the General Bond Resolution) in accordance with N.J.S.A. 40:62-133.5, (iii) publish notice of the adoption of this Note Resolution in accordance with N.J.S.A. 40:62-133.5 substantially in the form attached hereto as Exhibit B, and (iv) perform such other actions as the Executive Director and the Secretary deem necessary, desirable or convenient in relation to the execution and delivery of the Notes and the participation of the Commission in the Construction Financing Program. Costs of issuance of the Notes are hereby authorized to be paid in such amounts and to the persons or firms listed on a certificate executed by an Authorized Officer and delivered in connection with the issuance of any Notes.

Section 13. Upon the adoption hereof, the Secretary shall forward certified copies of this Note Resolution to Dilworth Paxson LLP, bond counsel to the Commission, and to Richard T. Nolan, Esq., McCarter & English, LLP, bond counsel to the I-Bank.

(e) I-Bank Credit Policy. The Borrower is in full compliance with the applicable requirements of the Credit Policy as in effect on the date hereof.

(f) Reliance. The Borrower hereby acknowledges that the I-Bank is making the Loan to the Borrower pursuant to the terms hereof in reliance upon each of the representations of the Borrower set forth in this Section 2.

SECTION 3. Covenants of the Borrower.

(a) Participation in the Anticipated Financing Program. The Borrower covenants and agrees that it shall undertake and complete in a timely manner all conditions precedent identified by the I-Bank relating to (i) the participation by the Borrower in the Anticipated Financing Program (ii) the qualification by the Borrower for receipt of the Anticipated Long-Term Loan, including such conditions precedent as the I-Bank may identify upon its determination, at any time following the date hereof, of a Finding of Unacceptable Credit Risk (as defined in the Credit Policy), including, without limitation, (A) additional security for the Anticipated Long-Term Loan through mechanisms as shall be identified by the I-Bank, (B) after providing the applicable Nationally Recognized Rating Agency(s) (as defined in the Credit Policy) a copy of the written notice of a Finding of Unacceptable Credit Risk from the I-Bank, a rating reaffirmation, since the last review by such Nationally Recognized Rating Agency(s), and/or (C) participation in a Financial Due Diligence Meeting (as defined in the Credit Policy);], and (iii) the qualification by the Borrower for receipt of the Anticipated Long-Term Loan, including, without limitation, (A) the issuance by the Borrower of a bond to the I-Bank and a bond to the NJDEP in order to evidence and secure the repayment obligation of the Borrower with respect to the Anticipated Long-Term Loan, which bonds in each case will be qualified pursuant to, and entitled to the benefits of the provisions of, the Municipal Qualified Bond Act, N.J.S.A. 40A:3-1 et seq. and (B) in connection with the issuance of such bonds, compliance by the Borrower with the Qualified Bond Debt Service Coverage Ratio, as defined in and pursuant to the provisions of the Credit Policy;] and the failure of the Borrower to undertake and complete such conditions precedent shall render it ineligible to participate in the Anticipated Financing Program.

(b) Revenue Pledge. The Borrower irrevocably pledges the Revenues and funds under the General Bond Resolution in accordance with the terms of, and to the extent provided in, the Borrower Note Resolution, for the punctual payment of any and all obligations and amounts due under this Note (including, without limitation, the payment of the Administrative Fee in the amount and at the time as required by the provisions of Section 4(b) hereof). Such pledge is, however, in all respects subordinate and junior to the pledge and lien created by the General Bond Resolution in favor of all "Bonds" now or hereafter issued and outstanding under the General Bond Resolution. Together with any other "Subordinated Bonds" of the Borrower, this Note shall be payable solely from such amounts in the Subordinated Indebtedness Fund as may from time to time be available for the purpose of payment thereof, in accordance with Sections 504(1) and 615 of the General Bond Resolution. The Borrower acknowledges that, to assure the continued operation and solvency of the I-Bank, the I-Bank may, pursuant to and in accordance with Section 12a of the Act, require that if the Borrower fails or is unable to pay promptly to the I-Bank in full any Loan repayments, any Interest or any other amounts due pursuant to this Note, an amount sufficient to satisfy such deficiency shall be paid by the State Treasurer to the I-Bank from State-aid otherwise payable to any municipality or county to which the Borrower provides services pursuant to a contractual arrangement.

(c) Disposition of Environmental Infrastructure System. The Borrower covenants and agrees that it shall not sell, lease, abandon or otherwise dispose of all or substantially all of its Environmental Infrastructure System without the express written consent of the I-Bank, which consent may or may not be granted by the I-Bank in its sole discretion.

(d) Financing With Tax-Exempt Bonds. The Borrower acknowledges, covenants and agrees that it is the intention of the Borrower to finance the Project, in whole or in part, on a long-term basis with proceeds of I-Bank Bonds now or hereinafter issued, the interest on which is excluded from gross income for purposes of federal income taxation pursuant to Section 103(a) of the Code ("tax-exempt bonds"). In furtherance of such long term financing with tax-exempt bonds, the Borrower covenants that, except to the extent expressly permitted in writing by the I-Bank, in its sole discretion, the Borrower will not take any action or permit any action to be taken which would result in any of the proceeds of the Loan being used (directly or indirectly) (i) in any "private business use" within the meaning of Section 141(b)(6) of the Code, (ii) to make or finance loans to persons other than the Borrower, or (iii) to acquire any "nongovernmental output property" within the meaning of Section 141(d)(2) of the Code. In addition, the Borrower covenants and agrees that no portion of the Project will be investment property, within the meaning of Section 148(b) of the Code. The Borrower covenants and agrees that any Costs of the Borrower's Project to be paid or reimbursed with proceeds of the Loan will result in the expenditure of proceeds under Treasury Regulations §1.148-6(d) and Treasury Regulations §1.150-2.

(e) Operation and Maintenance of Environmental Infrastructure System. The Borrower covenants and agrees that it shall, in accordance with (i) prudent environmental infrastructure utility practice, (ii) all applicable statutory and regulatory requirements now or hereafter enacted, and (iii) prudent planning:

- (A) at all times, operate the properties of its Environmental Infrastructure System and any business in connection therewith in an efficient manner;
- (B) maintain its Environmental Infrastructure System in good repair, working order and operating condition; and
- (C) timely make all necessary and proper repairs, renewals, replacements, additions, adaptations, betterments, and improvements with respect to its Environmental Infrastructure System, including, without limitation, those that are necessary or appropriate to ensure the resiliency of its Environmental Infrastructure System (including, without limitation, those necessary or appropriate to ensure unimpeded physical access to, or operation of, the sites and infrastructure of its Environmental Infrastructure System) in order to address anticipated climate impacts as set forth in the NJDEP's "Building Resilience Water Infrastructure Climate Change Resilience Guidance," dated April 2023, as amended, supplemented or updated, and which is incorporated herein by reference, and/or actual impacts from flooding, sea level rise, hurricanes, extreme rainfall, and storm surge, so that at all times the business carried on in connection therewith and the provision of essential services thereby shall be efficiently and properly conducted.

The NJDEP, in its sole discretion, may expressly authorize, in writing, a waiver of any or all of the requirements of this provision based upon its determination that long term operability of the Environmental Infrastructure System is no longer viable. Any such waiver, however, does not relieve Borrower of the obligation to provide the essential services through an alternative approach.

(f) Records and Accounts; Inspections. The Borrower covenants and agrees that it shall keep accurate records and accounts for its Environmental Infrastructure System, separate and distinct from its other records and accounts, which shall be audited annually by an independent registered municipal accountant and shall be made available for inspection by the I-Bank upon prior written notice. The Borrower covenants and agrees that it shall permit the I-Bank (and any party designated thereby to act on its behalf or to assist it, including, without limitation, its professional advisors), at any and all reasonable times during construction of the Project and, thereafter, upon prior written notice, (i) to visit, inspect and examine the property

constituting the Project and the site on which the Project is located, and (ii) to inspect (and make and retain copies of) any Borrower accounts, books, records, correspondence and files, including, without limitation, Borrower records regarding contracts, receipts, disbursements, investments and the overall financial standing of the Borrower, and any other matters related to the Borrower, the Project and the foregoing list of deliverables. In furtherance of the intent of this subsection, the Borrower covenants and agrees that it shall promptly prepare and provide such written reports and informational summaries as the I-Bank may reasonably require.

(g) Insurance. The Borrower covenants and agrees that it shall maintain insurance policies providing against risk of direct physical loss, damage or destruction of its Environmental Infrastructure System, in an amount that will satisfy all applicable regulatory requirements. The Borrower covenants and agrees that it shall include, or cause to be included, the I-Bank as an additional “named insured” on any certificate of liability insurance procured by the Borrower and by any contractor or subcontractor for the Project.

(h) Exhibits. The Borrower covenants and agrees that it shall comply with the terms, procedures and requirements set forth in each of the Exhibits attached hereto, which are made a part hereof.

(i) Reliance. The Borrower hereby acknowledges that the I-Bank is making the Loan to the Borrower pursuant to the terms hereof in reliance upon each of the covenants of the Borrower set forth in this Section 3.

SECTION 4. Disbursement of the Loan Proceeds; Amounts Payable; Prepayment; and Late Fee.

(a) The I-Bank shall effectuate the Loan to the Borrower by making one or more disbursements to the Borrower promptly after receipt by the I-Bank of a Loan Disbursement Requisition and the approval of such Loan Disbursement Requisition by an Authorized Officer of the I-Bank, or a designee thereof, each such disbursement and the date thereof to be recorded and maintained by an Authorized Officer of the I-Bank, or a designee thereof, in the records of the I-Bank with respect to the Loan; provided, however, that the approval by the I-Bank of any Loan Disbursement Requisition for disbursement pursuant to the terms hereof shall be subject to the terms, conditions and limitations as set forth in Section 4(d) of this Note. It is expected that the proceeds of the Loan will be disbursed to the Borrower in accordance with the schedule set forth in Exhibit C hereto, as Exhibit C shall be supplemented by an Authorized Officer of the I-Bank by means of either a substitute Exhibit C or an additional Exhibit C, such supplement to be implemented concurrently with the supplement to Exhibit A-1 hereto (as provided in the definition of “Project” as set forth herein). The latest date upon which the Borrower may submit to the I-Bank a Loan Disbursement Requisition is the business day immediately preceding the date fixed by the I-Bank for the sale of its I-Bank Bonds in connection with the Anticipated Financing Program, or such alternative date as shall be identified by the I-Bank for the Borrower in writing.

(b) Notwithstanding the provisions of Section 4(a) to the contrary, the Borrower hereby acknowledges and agrees, as follows: (i) to the extent that all or a portion of the Interest is funded by the Loan (as provided pursuant to Exhibit B hereto, as Exhibit B may hereafter be amended or supplemented as provided by the provisions hereof), payment of such Interest shall be made to the I-Bank via one or more disbursements by the I-Bank hereunder, at the times and in the amounts, as and to the extent provided in one or more written notices provided to the Borrower pursuant to the terms hereof by an Authorized Officer of the I-Bank, or a designee thereof, and each such disbursement shall be recorded by an Authorized Officer of the I-Bank, or a designee thereof, and maintained in the records of the I-Bank with respect to the Loan; and (ii) on the date of issuance of this Note, a disbursement shall be made and shall be recorded and maintained by an Authorized Officer of the I-Bank, or a designee thereof, in the records of the I-Bank with respect to the Loan for purposes of funding fifty percent (50%) of the Administrative Fee identified in Exhibit B hereto, with such disbursement (and any subsequent and supplemental disbursements made pursuant to Exhibit B hereto, as Exhibit B may hereafter be amended or supplemented as provided by the provisions hereof) being made by the I-Bank on behalf of the Borrower directly to the NJDEP. The Borrower further acknowledges and agrees that the remaining unpaid balance of the Administrative Fee shall be due and payable on the

Maturity Date or as otherwise established by the I-Bank pursuant to the terms of the Anticipated Financing Program.

(c) On the Maturity Date or, with respect to the payment of all or a portion of the Interest, on the applicable Payment Date(s) as and to the extent provided herein, the Borrower shall repay the Loan to the I-Bank in an amount equal to: (i) the Principal; (ii) the Interest then due and owing pursuant to the provisions of this Note; and (iii) any other amounts then due and owing pursuant to the provisions of this Note. The Borrower may prepay the Loan obligations hereunder, in whole or in part, upon receipt of the prior written consent of an Authorized Officer of the I-Bank. Each payment made to the I-Bank shall be applied to the payment of, first, the Interest then due and payable, second, the Principal, third, any late charges, and, finally, any other amount then due and payable pursuant to the provisions of this Note. In the event that the repayment obligation set forth in this Note is received by the I-Bank later than the Maturity Date or the Payment Date, as the case may be, a late fee shall be payable to the I-Bank in an amount equal to the greater of twelve percent (12%) per annum or the prime rate as published in the Wall Street Journal on the Maturity Date or the Payment Date, as the case may be, plus one half of one percent per annum on such late payment from the Maturity Date or the Payment Date, as the case may be, to the date it is actually paid; provided, however, that any late payment charges incurred hereunder shall not exceed the maximum interest rate permitted by law.

(d) Notwithstanding the provisions of this Note to the contrary with respect to the funding, pursuant to Section 4(a) hereof, of any Loan Disbursement Requisition relating to all or any portion of the Project, the Borrower hereby acknowledges and agrees, as follows: (i) the I-Bank shall not, and shall not be required to, commit funds, pursuant to the Water Bank Construction Financing Program of the I-Bank, to any portion of the Project until such time as the particular portion of the Project in question has been certified for funding by the NJDEP; (ii) no Loan Disbursement Requisition shall be approved by the I-Bank for disbursement pursuant to Section 4(a) hereof unless and until the portion of the Project to which such Loan Disbursement Requisition relates has been certified for funding by the NJDEP; and (iii) the I-Bank has no obligation pursuant to this Note to make all or any portion of any Loan Disbursement Requisition disbursement pursuant to the provisions of Section 4(a) hereof if the Borrower lacks the authority to pay interest on this Note in an amount equal to the Interest Rate.

SECTION 5. Unconditional Obligations. The obligation of the Borrower to make the Loan repayments and all other payments required hereunder and the obligation to perform and observe the other duties, covenants, obligations and agreements on its part contained herein shall be absolute and unconditional, and shall not be abated, rebated, set-off, reduced, abrogated, terminated, waived, diminished, postponed or otherwise modified in any manner whatsoever while any Loan repayments, or any other payments due hereunder, remain unpaid, regardless of any contingency, act of God, event or cause whatsoever, including (without limitation) any acts or circumstances that may constitute failure of consideration, eviction or constructive eviction, the taking by eminent domain or destruction of or damage to the Project or Environmental Infrastructure System, commercial frustration of the purpose, any change in the laws of the United States of America or of the State or any political subdivision of either or in the rules or regulations of any governmental authority, any failure of the I-Bank to perform and observe any agreement or any duty, liability or obligation arising out of this Note, or any rights of set-off, recoupment, abatement or counterclaim that the Borrower might have against the I-Bank or any other party; provided, however, that payments hereunder shall not constitute a waiver of any such rights.

SECTION 6. Events of Default. The occurrence of any of the following events shall constitute an "Event of Default" hereunder: (i) failure by the Borrower to pay, when due, any and all of its Loan repayment obligations hereunder, and any other payment obligations due hereunder; (ii) failure by the Borrower to observe and perform any duty, covenant, obligation or agreement on its part to be observed or performed pursuant to the terms of this Note; (iii) any representation made by the Borrower contained in this Note or in any instrument furnished in compliance with or with reference to this Note is false or misleading in any material respect; (iv) the occurrence of an "Event of Default" pursuant to, and as defined in, (1) a loan agreement pursuant to which a long-term loan (that remains outstanding) has been made to the Borrower by either the I-Bank or the NJDEP, or (2) a note obligation (other than this Note) pursuant to which a short-term loan (that remains outstanding) has been made to the Borrower by the I-Bank; and (v) a petition is filed by or against the Borrower under any federal or state bankruptcy or

insolvency law or other similar law in effect on the date of this Note or thereafter enacted, unless in the case of any such petition filed against the Borrower such petition shall be dismissed within thirty (30) days after such filing and such dismissal shall be final and not subject to appeal, or the Borrower shall become insolvent or bankrupt or shall make an assignment for the benefit of its creditors, or a custodian of the Borrower or any of its property shall be appointed by court order or take possession of the Borrower or its property or assets if such order remains in effect or such possession continues for more than thirty (30) days, or the Borrower shall generally fail to pay its debts as such debts become due.

SECTION 7. Remedies upon Event of Default. Whenever an Event of Default shall have occurred and be continuing pursuant to the terms hereof, the Borrower hereby acknowledges and agrees to the rights of the I-Bank to take any action permitted or required at law or in equity to collect the amounts then due and thereafter to become due hereunder or to enforce the observance and performance of any duty, covenant, obligation or agreement of the Borrower hereunder. If an Event of Default shall have occurred, the Borrower hereby acknowledges and agrees that the I-Bank shall have the right to (i) immediately cease disbursements of the proceeds of the Loan, and/or (ii) declare all Loan repayments and all other amounts due hereunder to be due and payable immediately without further notice or demand. The Borrower hereby acknowledges and agrees that no remedy herein is intended to be exclusive, and every remedy shall be cumulative and in addition to every other remedy given under this Note or now or hereafter existing at law or in equity. The Borrower hereby further acknowledges and agrees that no delay or omission by the I-Bank to exercise any remedy or right accruing upon any Event of Default shall impair any such remedy or right or shall be construed to be a waiver thereof, but any such remedy or right may be exercised as often as may be deemed expedient. The Borrower hereby further acknowledges and agrees that, pursuant to the I-Bank's Credit Policy, during such time as an Event of Default has occurred and is continuing hereunder, the Borrower shall be ineligible for additional financial assistance from the I-Bank (including, without limitation, long-term financing through the Anticipated Financing Program), in addition to certain other consequences set forth in the Credit Policy. The Borrower hereby agrees that upon demand it shall pay to the I-Bank the reasonable fees and expenses of attorneys and other reasonable expenses (including, without limitation, the reasonably allocated costs of in-house counsel and legal staff) incurred in the collection of Loan repayments or any sum due hereunder or in the enforcement of the observation or performance of any obligations or agreements of the Borrower upon an Event of Default. Any moneys collected by the I-Bank pursuant to this Section 7 shall be applied first to pay any attorneys' fees or other fees and expenses owed by the Borrower.

SECTION 8. Certain Miscellaneous Provisions. The Borrower hereby acknowledges and agrees as follows: (a) all notices hereunder shall be deemed given when hand delivered or when mailed by registered or certified mail, postage prepaid, to the Borrower at the following address: Passaic Valley Water Commission, 1525 Main Avenue, Clifton, New Jersey 07011, Attention: Executive Director; and to the I-Bank at the following address: New Jersey Infrastructure Bank, 3131 Princeton Pike, Building 4, Suite 216, Lawrenceville, New Jersey 08648-2201, Attention: Executive Director; (b) this Note shall be binding upon the Borrower and its successors and assigns; (c) in the event any provision of this Note is held illegal, invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate, render unenforceable or otherwise affect any other provision hereof; (d) the obligations of the Borrower pursuant to the terms of this Note may not be assigned by the Borrower for any reason, unless the I-Bank shall have approved said assignment in writing; (e) this Note may not be amended, supplemented or modified without the prior written consent of the I-Bank; (f) this Note shall be governed by and construed in accordance with the laws of the State; (g) the Borrower shall, at the request of the I-Bank, execute and deliver such further instruments as may be necessary or desirable for better assuring, conveying, granting, assigning and confirming the rights, security interests and agreements granted or intended to be granted by this Note; (h) whenever the Borrower is required to obtain the determination, approval or consent of the I-Bank pursuant to the terms hereof, such determination, approval or consent may be either granted or withheld by the I-Bank in its sole and absolute discretion; and (i) consistent with the provisions of N.J.S.A. 58:11B-13, neither the directors of the I-Bank nor any officers of the I-Bank taking any action with respect to this Loan shall be liable personally with respect to the Loan or any matters or transactions related thereto.
