## **Passaic Valley Water Commission Hosted its First Virtual Town Hall**

---

**FOR IMMEDIATE RELEASE**

**(New Jersey – November 15, 2024)** – Earlier this week, Passaic Valley Water Commission (PVWC) hosted its first virtual town hall meeting, which gave the public an opportunity to engage with key staff, who provided updates on projects and other key initiatives.

Presenters included Executive Director Jim Mueller, Water Superintendent Wendy Simone, Supervising Engineers Julie Alesandrelli and Alexandra Wells, and Assistant Public Information Officer Bryan Frierson.

“As public stewards of health and safety, it is important to keep the public informed on all the work we do and why we do it,” said Executive Director Jim Mueller, who also spoke on his extensive experience as a professional engineer with more than three decades of experience.

“Transparency and communication are key, and we wanted to make it easier for folks to engage with us by hosting this virtual town hall. We thank everyone who logged on and asked great questions and provided even better feedback.”

***The company will work on a virtual town hall schedule for 2025, and this week’s town hall can be viewed here:***
